EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dr. Tor Smeland on 19 July 2007.

The application has been amended as follows:

Please cancel claim 10 without prejudice to Applicant's right to pursue the subject matter thereof in a continuation application.

In claim 1, line 4, please change "the BMP-related disorder or condition" to "the BMP-induced osteogenesis".

In claim 11, line 1, please change "of claim 10" to "of claim 20".

In claim 20, lines 5-6, please change "the BMP-related disorder or condition" to "the BMP-induced osteogenesis".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The evidence submitted by Applicant with the after final amendment of 05 July 2007 is found to be sufficient to overcome the enablement rejection of record in view of the amended claims limited to treatment of subjects suffering from BMP-induced osteogenesis characterized by heterotopic ossification comprising administration of specific noggin polypeptides. In

particular, the Lories et al. publication showed that administration of noggin to an animal model of ankylosis (involving BMP-induced, abnormal heterotopic ossification) resulted in slowed progression of ossification, constituting an effective treatment.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
